

IN THE SPECIFICATION

Please amend the paragraph at page 14, lines 19-22, as follows:

A power circuit 60 generates an operating voltage V_{cc} required for operating each circuit in the mobile telephone set MS based on an output voltage of a battery ~~[[61]]~~ 6a.

Please amend the paragraph at page 17, lines 16-25, as follows:

The BT radio section 6 receives reception speech data transferred from the mobile telephone set MS in a radio manner in accordance with the BT scheme at the hands-free mode, and inputs the data to the echo canceller 5. In addition, the transmission speech data outputted from the echo canceller 5 is transmitted to the mobile telephone set MS in a radio manner. Reference numeral 61 denotes an antenna ~~[[6a]]~~ for receiving/transmitting a radio signal in accordance with this BT scheme.

Please replace the Abstract of Disclosure at page 50, lines 1-13, with the following replacement Abstract:
